NAME: Matt Crews	STUDENT NUMBER: 3

VQG Assignment 3--Ch 3 & Intro to STYLES

From textbook: Visual Quickstart Guide (VQG): HTML & CSS
Save this file in your VQG folder, then follow the instructions below.

PART 1: Chapter 3 Basic Web Page Structure: Read **pages 43-52** of the **VQG** textbook to answer these questions (NOTE: We will learn more about web page structure described in the rest of this chapter in a later exercise).

1. Describe the purpose of each of these sections of a web page:
    1. **<html>Identifies text document as an html document**
    2. **<head>For creating the head section**
    3. **<title> creates the title section**
    4. **<body> the body section, where all your code goes**
   5. **<h1> heading 1**
2. **Headings:**
    1. How many levels of headings are there in HTML? 6
    2. Why are headings important in HTML documents? To keep different groups of information neat, as in a FAQ for example, so certain things go under certain titles
    Note: HTML **headings** <u>are not the same</u> as HTML **headers**! We will learn more about **headers** in a later exercise.
PART 2: WEB PAGE: Follow these instructions from **VQG CHAPTER 3** to create a new web page.

1. **Screenshot of the <u>Camcorder</u> web page rendered in CHROME:**

2. **Light bulb page:** Use CSS styles to change the font, text colors, and background colors of the light bulb page. Make sure you color choices create an attractive, readable page. Take a screen shot of the page and insert here:

Screenshot of the <u>Light bulb</u> web page (with CSS styles) rendered in CHROME:

1. **Font families:** Notice in the CSS **font-family** attribute, several fonts were listed, separated by commas. Explain why it is a good idea to list multiple fonts rather than just one font (to find out, do a Google search on **Why list several fonts in CSS**):

   Because some browsers might not read the font you have selected, so its best to have multiple incase this is the case. arial, helvetica, sans-serif

2. **PDF:** When you have completed this assignment, save this file as usual, then save as a **PDF** file in your **VQG** folder (**press F12 for SAVE AS,** then choose **PDF** from the SAVE AS TYPE dropdown list).

   NOTE: You will upload your PDF file, share with your instructor, and link to your index page when you have learned to do this.
